Volunteer Opportunities

Over 7,000 hours each year are donated by volunteers of all ages.

The Cultural Arts Council represents all disciplines in the arts.

- Our volunteers count in many ways. Hours are calculated each year and are a valuable asset as inkind contributions when approaching foundations for grants.
- Below are the various ways individuals can become involved as a volunteer for the Arts Council. Please check as many areas as you wish, and a member of the staff or board will contact you.
- Volunteering is a great way to meet new people from around the world, and gain new skills at the same time. It is fun, exciting and provides you with memorable experiences in the arts!
